Parent Partnership: To talk to children about the life cycles of caterpillars, frogs and honey bees. Please help your child to draw the life cycle and bring to nursery

### Emergency contacts:

Can I remind all parents to ensure that you are providing the nursery with the correct contact numbers and names for all adults who can pick up your child in an emergency. We are unable to send the children home with anyone that you have not authorised us to do so.

We have a WOW board in the reception area. We would like you to bring pictures or work or anything that your child may have done that made it a “wow” moment. . Looking forward to receiving lots of “wow” work!!!

### Children Leaving for School

Many of your children would have received their first choice of school. To make the transition easier, please talk to your children about their new school, what uniform they will be wearing and the types of food they will be eating. We will also be planning activities in the nursery to ensure a smooth transition. Please note that 1 months' notice is required for your child leaving Ghanshyam Nursery

### Safety Notice

When using the Temple car park please park be considerate when you are parking your car. Some parents are using up double parking spaces when parking. We are very fortunate that we have parking facilities available for us, please do not abuse it.

The policy of the month is:

**Children's attendance policy (Please see attached sheet)**

### Health & Safety

A reminder to all parents/carers about the importance of not bringing in NUTS into the nursery. We have a child with a severe allergy and must not come into contact with NUTS at all. Please can parents ensure that children are not taking Prashad from the Mandir and bringing this to the Nursery.

### Nursery Contact

## Children's attendance policy

At Ghanshyam Nursery School we believe good attendance is essential if children are to be settled and take full advantage of the learning and development opportunities available to them.

At a young age continuity and consistency are important contributors to a child's well-being and progress. Also we believe regular attendance at nursery can set good practice for statutory school.

### Our aim is:

- to create a culture in which good attendance is 'normality' and valued
- To value the individual and be socially and educationally inclusive
- To be consistent in implementation of our policy and procedures

All parents are made aware of the importance of regular attendance prior to entry and of the importance of collecting children on time. Our child collection procedure outlines our practice if a child is not collected from nursery.

The nursery collates and monitors attendance information for all children each half term in line with safeguarding good practice.

All parents are made aware that they must phone the nursery if their child will be absent, and let us know of any holidays that they may be going on. If not contact is made by the parents, the nursery manager will call the home by 11.00 am each day to find out why the child failed to make it into nursery. In the manager's absence, the deputy manager must ensure that this happens.

Children's absences are recorded in the register and the record table is completed daily in the office.

If we have any concerns with a child's attendance, our first instance would be to speak to the parents and try to support the family with help and advice that they may need.

If the child's attendance did not improve, we would seek advice from other professionals such as a health visitor or GP. This may help with trying to find out what the problems or issue may be.
