

Ghanshyam Nursery School

'laying the foundations for life'

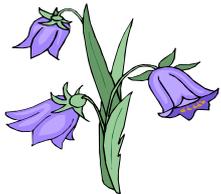

We strive to provide the highest quality childcare facilities and personnel for the social, personal, cultural and religious advancement of the child

April Newsletter

What we will be learning

Bluebell Room

We will be continuing with the transport theme - however we will be talking about colours and shapes of the different transport

Parental Involvement: Introduce shapes and colour

EYFS Link - Communication and Language, Understanding the World, Expressive, Arts and Design, Personal, Social and Emotional Development

Tulip Room

We will be celebrating Easter, Ramvami/Swaminarayan Jayanti and Ramadan this month. We will be looking at how we celebrate these festivals. We will also be

talking about the Golden Rules and boundaries

Parental Involvement: Parents to talk to their children about the festivals and do cooking activities. Please send pictures by email.

EYFS Link - Personal, Social and Emotional, Communication & Language, Understanding the World

Sunflower Room 1

We will be learning about the spring season and planting. We will also be learning about life cycles of butterflies, frogs and honey bees. We will be planting in the garden. We will continue working on phonic sounds, recognising numbers and golden rules.

Parental Involvement: We would like parents to do planting activities with their children and send in pictures

EYFS Link - Communication & Language, Understanding the World, Mathematics, Literacy

Staff news:

We would like to welcome Kala to Ghanshyam Nursery. Kala will be working towards her Child care qualifications and will be based in Tulip Room

Free training

Paediatric first aid refresher

The nursery's online training provider is providing free training for parents. This course will give you the knowledge and confidence to deal with any emergency that might affect your child. If you are interested in participating please let Kastur know.

Inset days 2021

4th June

20th August

24th December

Sunflower 2:

We will be learning about plants and life cycles. We will be planting seeds doing worksheets and watching videos. We will also be talking about Easter. The children will continue with sounds and numbers from 1 to 100. We will also be introducing the concept of 'more or less'

Parental Involvement: Involve your child in planting seeds at home and send pictures to the Nursery. Continue supporting your child with numbers, phonics and letter formation.

EYFS Link - Communication & Language, Understanding the World, Literacy, Mathematics

Emergency contacts:

Can I remind all parents to ensure that you are providing the nursery with the correct contact numbers and names for all adults who can pick up your child in an emergency. We are unable to send the children home with anyone that you have not authorised us to do so.

Parent Partnership

Thank you to all the parents who have sent in pictures of what activities they are carrying out with their children. One parent added pictures of different animals to their child's photos-very creative!!! Another parent has sent in photos of their child building blocks and doing writing activities. We have also had many parents doing various cooking activities. Thank you to the parents who sent in the Parent partnership form. We would like all parents to join in the partnership.

Autism Awareness Week

World Autism week is between 29th March - 4th April. Its aim is to improve people's understanding of autism and help make the world a friendlier place to those who are affected by it.

<https://youtube.com/playlist?list=PLWPz75329YD08QBQNuABrgH5xYKvCjNtQ>

The policy of the month is:

**Promoting Positive Behaviour
(Please see attached sheet)**

Health & Safety

Can all parents please ensure that they check their children's nails regularly and to cut them when necessary as they can hurt themselves or other children.

Nursery Contact

Please can all parents ensure they have the nursery mobile number stored in their phone

The number is 07722574698/020 8909 9389 opt 1

All emails to the nursery should go to enquiries.gns@sksst.org

Kaylen - 2

Anay - 3

Prisha - 3

Policy statement

We believe that children flourish best when their personal, social and emotional needs are understood, supported and met and where there are clear, fair and developmentally appropriate expectations for their behaviour.

As children develop, they learn about boundaries, the difference between right and wrong, and to consider the views and feelings, and needs and rights, of others and the impact that their behaviour has on people, places and objects. The development of these skills requires adult guidance to help encourage and model appropriate behaviours and to offer intervention and support when children struggle with conflict and emotional situations. In these types of situations key staff can help identify and address triggers for the behaviour and help children reflect, regulate and manage their actions.

Procedures

In order to manage children's behaviour in an appropriate way we will:

- attend relevant training to help understand and guide appropriate models of behaviour;
- implement the setting's behaviour procedures including the stepped approach;
- have the necessary skills to support other staff with behaviour issues and to access expert advice, if necessary;
- ensure all staff complete the Promoting Positive Behaviour programme, on Educare (<http://pre-school.educare.co.uk/Login.aspx>)

Stepped approach

Step 1

We will ensure that EYFS guidance relating to 'behaviour management' is incorporated into relevant policy and procedures;

We will be knowledgeable with, and apply the setting's procedures on Promoting Positive Behaviour;

We will undertake an annual audit of the provision to ensure the environment and practices supports healthy social and emotional development. Findings from the audit are considered by management and relevant adjustments applied.

Ensure that all staff are supported to address issues relating to behaviour including applying initial and focused intervention approaches (see below).

Step 2

We address unwanted behaviours using the agreed and consistently applied initial intervention approach. If the unwanted behaviour does not reoccur or cause concern then normal monitoring will resume.

Behaviours that result in concern for the child and/or others will be discussed between the key person, the behaviour coordinator and Special Educational Needs Coordinator (SENCO) or/and manager. During the meeting, the key person will use their knowledge and assessments of the child to share any known influencing factors (new baby, additional needs, illness etc.) in order to place the behaviour into context. Appropriate adjustments to practice will be agreed and if successful normal monitoring resumed.

If the behaviour continues to reoccur and remain a concern then the key person should liaise with parents to discuss possible reasons for the behaviour and to agree next steps. If a cause for the behaviour is not known or only occurs whilst in the setting then the SENCO will suggest using a focused intervention approach to identify a trigger for the behaviour.

If a trigger is identified then the SENCO and key person will meet with the parents to plan support for the child through developing an action plan. If relevant, recommended actions for dealing with the behaviour at home should be agreed with the parent/s and incorporated into the plan. Other members of the staff team should be informed of the agreed actions in the action plan and help implement the actions. The plan should be monitored and reviewed regularly by the key person and SENCO until improvement is noticed.

Step 3

If, despite applying the initial intervention and focused intervention approaches, the behaviour continues to give occur and/or is of significant concern, then the behaviour coordinator and

SENCO will invite the parents to a meeting to discuss external referral and next steps for supporting the child in the setting.

It may also be agreed that the Common Assessment Framework (CAF) or Early Help process should begin and that specialist help be sought for the child if deemed necessary – this support may address either developmental or welfare needs. (See Supporting Children with SEN policy 9.2) If the child's behaviour is part of a range of welfare concerns that also include a concern that the child may be suffering or likely to suffer significant harm, follow the Safeguarding and Children and Child Protection Policy (1.2).

Advice provided by external agencies should be incorporated into the child's action plan and regular multi-disciplinary meetings held to review the child's progress.

Initial intervention approach

We use an initial problem solving intervention for all situations in which a child or children are distressed or in conflict. All staff use this intervention consistently.

This type of approach involves an adult approaching the situation calmly, stopping any hurtful actions, acknowledging the feelings of those involved, gathering information, restating the issue to help children reflect, regain control of the situation and resolve the situation themselves.

High Scope's Conflict Resolution process provides this type of approach but equally any other similar method would be suitable. Periodically the effectiveness of the approach will be checked.

Focused intervention approach

The reasons for some types of behaviour are not always apparent, despite the knowledge and input from key staff and parents.

Where we have considered all possible reasons, then a focused intervention approach should then be applied.

This approach allows the key person and behaviour coordinator to observe, reflect, and identify causes and functions of unwanted behaviour in the wider context of other known influences on the child.

We follow the ABC method which uses key observations to identify a) an event or activity (antecedent) that occurred immediately before a particular behaviour, b) what behaviour was observed and recorded at the time of the incident, and c) what the consequences were following the behaviour. Once analysed, the focused intervention should help determine the cause (e.g. ownership of a toy or fear of a situation) and function of the behaviour (to obtain the toy or avoid a situation) and suitable support will be applied.

Use of rewards and sanctions

All children need consistent messages, clear boundaries and guidance to intrinsically manage their behaviour through self-reflection and control.

Rewards such as excessive praise and stickers may provide an immediate change in the behaviour but will not teach children how to act when a 'prize' is not being given or provide the child with the skills to manage situations and their emotions. Instead, a child is taught how to be 'compliant' and respond to meet adult's own expectations in order to obtain a reward (or for fear of a sanction). If used then the type of rewards and their functions must be carefully considered before applying.

Children should never be labelled, criticised, humiliated, punished, shouted at or isolated by removing them from the group and left alone in 'time out' or on a 'naughty chair'. However, if necessary children can be accompanied and removed from the group in order to calm down and if appropriate helped to reflect on what has happened.

Use of physical intervention

The term physical intervention is used to describe any forceful physical contact by an adult to a child such as grabbing, pulling, dragging, or any form of restraint of a child such as holding down. Where a child is upset or angry, staff will speak to them calmly, encouraging them to vent their frustration in other ways by diverting the child's attention.

Staff should not use physical intervention – or the threat of physical intervention, to manage a child's behaviour unless it is necessary to use "reasonable force in order to prevent children from injuring themselves or others or damage property" (EYFS).

If "reasonable force" has been used for any of the reasons shown above, parents are to be informed on the same day that it occurs. The intervention will be recorded as soon as possible within the child's file, which states clearly when and how parents were informed.

Corporal (physical) punishment of any kind should never be used or threatened which could adversely affect a child's well-being.

April Events

Thursday 1st April - Easter Bonnet parade - please help your child **make** an Easter Bonnet (no shop bought!!!)

Friday 2nd April - Good Friday - Nursery closed

Monday 5th April - Easter Monday - Nursery closed

Monday 12th April - Ramadan Starts - we will be learning about Ramadan throughout the month

Wednesday 21st April - Ramnavmi/
Swaminarayan Jayant - Wear blue or white traditional clothes

Thursday 22nd April - Earth Day - Wear Green or Blue

Friday 23rd April - St. Georges Day - (No uniform day wear red or white)
